To whom it may concern,

On the recommendation of my homeowners' insurance company, AAA of Michigan, I hired Vision Restoration to repair severe damage occurring in my basement due to a drain overflow. The damage involved sewer waste removal and sanitation, cupboard and counter replacement and wall and molding repair to name just a few of the things attended to.

I cannot say enough about the timeliness, courtesy and professionalism of this company and its employees. They explained all the work to be undertaken, asked about my needs and choices for the project and came, did the work expertly, quickly and with great regard for the condition of my newly renovated basement.

My husband and I were extremely pleased with this outstanding company and would not hesitate to use their services again or to refer them to our friends and relatives.

Sincerely,

Mrs. Evelyn Lipsmeier
